

## Deal in the District Intro to Action

The Congressional Super Committee is tasked with finding \$1.2-\$1.5 trillion in cuts over the next ten years. They will release their plan to the rest of Congress by November 23. It is up to us to make sure that the cuts they propose are REAL CUTS rather than the fake cuts they love so much. Politicians have a bad habit of using gimmicks and tricks to make it seem like they are cutting spending, when they are in fact, increasing spending. [Watch this short video for a very simple explanation of what real cuts look like.](#)

**On November 17, join thousands of patriots from around the country for a Deal in the District.**

We will be visiting the local offices of our Representatives to express our desire for REAL CUTS. Did you know that even just bringing a small number of people to visit their offices has a HUGE impact? When you visit, tell them you want REAL CUTS (you might have to explain it to them) and NO TAX INCREASES!

*Sign up today to visit your Representative on November 17!*
